Profile

I'm an enthusiastic **Frontend Developer** seeking an entry-level position at a company where I can use my previous experience and skills in projects which push me to develop in the software engineering field and related spheres.

Work experience

📅 01/2020 – 06/2020 📍 KYIV, UKRAINE

Frontend developer EPAM Systems

I acted as a Frontend developer in two charity projects - Klitschko foundation helping to develop sports among youth - owned by world famous Ukrainian boxers and foundation for helping homeless people. I had a scrum team of five Frontend developers and JIRA was used as a project management system. My main responsibilities were to develop new user facing features, build stable code, collaborate with back-end developers and web designers to improve usability, write functional requirement documents and guides, contribute to daily scrum meetings, sprint reviews and planning sessions.

📅 05/2019 – 01/2020 📍 KYIV, UKRAINE

Trainee EPAM Systems

Studied the basics of object-oriented programming, the fundamentals of functional programming, design and architectural patterns, the capabilities of new ECMAScript's standards (ES6, ES7, etc.). Completed several development projects collectively using the Angular and ReactJS frameworks.

Education

📅 2009 – 2015 📍 KYIV, UKRAINE

Law Taras Shevchenko National University of Kyiv
