SUMMARY

Self-motivated Front-end developer with 1.5+ years of experience. I craft visually stunning interfaces. Dynamic landing pages showcase my dedication. Passionate about AI, turning ideas into reality. Every day I improve my skills by watching YouTube, reading documentation and improving my skills in writing clean code.

EXPERIENCE

IT TIME

Front End developer

Jan 2023 - July 2024

Since joining IT TIME as a frontend developer, I've specialized in developing and maintaining user interfaces using Vue.js, **Nuxt**, and **Pinia**. My work has involved creating various responsive websites, as well as a robust platform for managing real estate listings. I focus on delivering user-friendly designs with advanced features that provide a seamless experience across all devices. During my time at this company, I worked on various projects, which significantly enhanced my experience in team collaboration. Most importantly, I learned the importance of adhering to **deadlines** and delivering quality results on time.

NATIONAL OFFICE FOR INNOVATION

Front End developer Intern

July 2022 - Jan 2023

I helped and supported the development of **government websites**, ensuring they were user-friendly, responsive and compliant with the latest web standards.

I contributed to the development of the **Baholash Platformasi** website, playing a key role in creating a smooth user experience.
