As a Java developer, I have successfully completed a rigorous 10-month training program on the Yandex Practicum educational platform and continue to enhance my skills through self-study and participation in various courses and webinars. With a solid foundation in problem-solving and strong motivation, I am well-equipped to contribute effectively to any development team. My commitment to continuous learning and my proven ability to adapt and grow make me a valuable asset in the field of software development.

CAREER HIGHLIGHTS

📁 JAVA-DEVELOPER ▪ YANDEX-PRACTICUM ▪ UK

2022 – CURRENT

Studied on an educational platform at one of the largest IT companies in Russia. The training lasted 10 months and more than 630 hours. During my study, I made 3 independent projects:

- Microservice application for renting staff (Spring Boot, JPA, PostgreSQL, REST API, Docker, Mockito, Junit, Lombok)
- Microservice event poster application (Spring Boot, REST API, PostgreSQL, Docker, Mockito, JUnit, Postman)
- Task planning tool (Java Core, JUnit 5, Gson, HttpServer, KVServer)

Participated in a group project to create a rest application that helps users decide on films based on reviews and ratings from friends (Spring Boot, Maven, REST API, JDBC, H2, SQL, JUnit, MockMvc).

📁 ACCOUNTANT ▪ LEBANEAT ▪ UK

2022 – 2023

Employment in the accounting department of a multi-establishment business offers experience in overseeing financial reconciliations, processing invoices, and managing payroll.

Key competencies include data analysis, quality assurance and proactive decision-making, all of which are highly valuable in the IT sector.

📁 SENIOR ECONOMIST ▪ TMK-GROUP ▪ RUSSIAN FEDERATION

2012 – 2022

In my role at a Russian pipe manufacturing company, I excelled in contract management, project coordination, and documentation compliance. I have experience working with contractors to finalize contracts, developing detailed production specifications, and ensuring smooth project execution through effective communication with internal teams and external partners.

These skills are transferable to the IT industry, where attention to detail, project management, and communication are essential for success.

📁 SENIOR ACCOUNTANT ▪ SINARA-BANK ▪ RUSSIAN FEDERATION

2008 – 2012

Worked in the banking sector for 4 years. I grew from a line specialist to the chief accountant of the division.

I quickly grasped new concepts and technologies, adapting to changing regulations and software systems with ease.

I always aimed to convey complex information to clients and bank employees using simple and understandable language.
