WORK EXPERIENCE

Android app developer
in Shinhan Finance

📅 February 2023 – present 📍 Almaty region, Almaty

- Developing a banking mobile application for the Android operating system. I focused on implementing UI design, database management, and API integration. I collaborated with a team of 15+ individuals, strictly following design guidelines.

Teaching assistant of lecturer
in Suleyman Demirel University

📅 September 2022 – present 📍 Almaty region, Kaskelen

- Assist the lecturer to introduce course CSS 215 Introduction to Algorithms and data structures.
- Help to create tasks and contests for students.
- Teaching in practical classes.

Computer Science Teacher
in Educational Center "IQ-hub" IE

📅 December 2020 – September 2021 📍 West Kazakhstan region, Uralsk city.

- Teaching students computer literacy
- Preparation for the ICT Olympiad
- Intoroduce and teaching programming languages Scratch, Python, Java and web programming technologies.

INTERNSHIP

Android app developer
in IT Bootcamp ChocoFamily Holding

📅 January 2022 – March 2022 📍 Almaty region, Almaty

- Training with the best mentors of the holding.
- Teamwork in the chosen direction.
- Interesting tasks in the coolest projects.

PROJECTS

- Online Store app https://github.com/Or4lbek/OnlineStoreApp
  Developed an online store application with user registration feature, allowing customers to create accounts, browse products, and place orders.

- Movies app https://github.com/Or4lbek/Movies-App
  Android application for reading information about movies where I used jetpack compose technologies.

LIFE PHILOSOPHY

"The only way to do great work is to love what you do." - Steve Jobs

EDUCATION

B.Sc. in Information systems, Suleyman Demirel University (SDU)
